Chair of Women's Steering Committee	6
Chair of Youth Steering Committee.....	7

This document contains links to the candidate forms of individuals who have been nominated as candidates for positions on the ILGA World Board. **Click on the name of the candidate to access their candidate forms.** These forms are provided un-edited, as submitted by the candidates. Their signature was replaced by the wording “supplied” for security concerns. Each document is password-protected, and the password was supplied in the mailing received by member organisations.

All persons nominated are listed alphabetically by first name. This is followed by their organisation, the country of their organisation (as listed at ILGA World), and their gender identity as they have declared it.

Some persons are candidates for multiple positions. Please note, however, that each person has submitted only one Candidate Form. The link under each position for such persons will take you to the same candidate form.
