A plenary session during the 2019 ILGA World Conference

ILGA World is the International Lesbian, Gay, Bisexual, Trans and Intersex Association.

We want a world where the human rights of all are respected and where everyone can live in equality and freedom:

a world where global justice and equity are assured and established regardless of people's sexual orientations, gender identities, gender expressions and sex characteristics (SOGIESC).

We take action  
when things are just not right;  
we demand respect for our  
bodies, identities and loves;  
we support each other,  
and pave the way towards  
positive change.

## WHAT WE DO

### ADVOCACY

We work to achieve and maintain recognition and protection of the human rights of people with diverse SOGIESC by the United Nations and other global institutions.

### RESEARCH

Our experts collect reliable, evidence-based data on laws towards our communities, and produce guides that are crucial resources in the hands of human rights defenders, including the *State-Sponsored Homophobia* report and the *Trans Legal Mapping Report*.

### TRAININGS AND CONVENINGS

We support LGBTI organisations around the world with capacity building trainings, and organise world and regional conferences to provide them with occasions to network and strategise.

### COMMUNICATIONS

We raise awareness about LGBTI human rights issues through media, and work to support the visibility and contributions of people of diverse and marginalised SOGIESC.
