CIVIL SOCIETY SPACE AND THE HUMAN RIGHTS COUNCIL

13 June 2017

Mr President,

This is a joint statement on behalf of a number of NGOs.

We thank States for their commitment to address the shrinking space for civil society.

We draw the Council's attention to the fact that since 2013, the number of desks reserved for NGOs in room XX for Human Rights Council sessions has been reduced from 24 to 2, leaving only the two speaking seats we are now sitting in.

This has been drawn to the attention of successive Presidents of the Council but the space has continued to shrink.

We invite all delegations to reflect on the impression this gives to civil society, not to mention States and other international actors, about the Council's commitment to addressing shrinking civil society space.

I thank you Mr President.
